MEXICAN TROOPS TO BATTLE WITH REVOLUTIONARIES

Troops Move On State of Sonora In North Zone.

TAKE DRASTIC STEPS

All Communication With The State is Terminated.

Agua Prieta, Mexico, April 14.—An unsuccessful attempt to assassinate President Carranza was made last Friday in the latter's executive mansion at Mexico City, according to advices received here today by Roberto Carrillo, former chief of the Carranza secret service here and now an official of the seceding state of Sonora.

The would be assassin was Earnesto Valdez, a captain in the federal army. News of the attempted assassination was suppressed until today

The message to Seonor Carrillo declared that Valdez, who was in charge of a detachment of troops under Gen. Benjamin G. Hill, tried to stab President Carranza but that he was overpowered and lodged in a federal prison.

Mexico City, April 14.—Federal troops under General Manuel Dieguez, commander of the government forces in the northern military zone, are being sent against the revolutionaries in the state of Sonora, it was announced today.

General Dieguez was quoted as saying that the Sonora rebels would be "treated with an iron hand" He expressed confidence that the border states could be pacified within the next few weeks. The route taken by the federal troops was not revealed.

Gen. Dieguez came to Mexico City from Guadalajara City to confer with President Carranza and then left the city

A report that Sinalon had joined the Sonora revolution was officially denied. The government also denied a report that the Mexican gunboat had been seized by the rebels. It is declared that outside of the state of Sonora Mexico is quiet

COMMUNICATION CUT OFF.

Mexico City, Mex., April 14.—All communication with the state of Sonora where a revolution is in progress has been cut, it was announced today by General Juan Barragan, chief of staff of the Carranza army, announced today. He said that efforts by the federal government to learn what was going on in Sonora were fruitless Repeated wireless calls were sent to the station at Guaymas but none was answered.

URGED WITHDRAWAL.

Mexico City, Mex., April 14.—Following a series of political conferences here, it was rumored that an effort was being made to have the present three presidential candidates withdraw from the field in favor of a civilian favorable to the various revolutionary parties The names of Senator Carlos Zetina, a rich land owner, and Alberto Pani, of the ministry, were suggested. The three candidates now in the field are General Obregon, Ignacio Bonillas, the Mexican Ambassador to Washington and Pablo Gonzales.

BUSINESS SUSPENDS IN WESTERVILLE TO HONOR 'PUSSYFOOT'

Westerville, O., April 14.—All business will be suspended , schools closed and a general holiday will be declared by the citizens of this village to do honor to William E. "Pussyfoot" Johnson of the anti-saloon league, when he arrives at his home here from England on April 22. Johnson sailed from England yesterday and is coming to this country to deliver a series of addresses in the interests of prohibition.

Columbus, O., April 14.—According to anti-saloon league officials here plans have been made for William E. "Pussyfoot" Johnson to deliver speeches in every city in the United States having a population of more than 100,000. He is to speak three times in Columbus on Sunday, May 2.

Couple Arrested On Charge Of burning Home

Boston, April 14.—George Leroy Nelson, and ex-army officer and his Paris war bride, formerly Countess Hermaine Grether De Beck, said to be the divorced wife of the French Count De Beck were arrested at a West End hotel today by Sheriff Fernandes, of Bangor, Maine, charged with arson. It is alleged that the couple after shipping to Boston the valuable contents of their home at Carmel, Maine, set fire to and destroyed the structure. The prisoners were taken to Bangor by the sheriff.

CITIES FACE FOOD FAMINE WITH FREIGHT DELAYED; GREAT LOSS THREATENED

Three Biggest Market Centers of East, New York, Philadelphia, and Boston are Shut off From Southern and Western Markets.

BIG CROPS IN SOUTHWEST MAY GO TO WASTE

War Department Will Offset Food Shortage By Allocating Surplus Stocks To Various Population Centers In Country.

Washington, April 14.—With the food producing area isolated by the railroad strike, the big population centers of the country are facing a threatened food shortage while the producers stand to lose hundreds of thousands in money, according to figures from the bureau of markets here today.

Summed up, the situation is based on these factors:

The three biggest market centers of the east, New York, Philadelphia and Boston, are shut off from southern and western markets by both the railroad strike and local harbor tie ups.

In the south and west are the biggest food producing areas of the country. Record crops of perishable foodstuffs in these districts including all the seasonable vegetables and fruits, may be forced to go to waste because they cannot be moved. Coupled with this waste of food, the producers of these crops are facing the loss of hundreds of thousands of dollars.

The bureau of markets is receiving scores of messages as to what transportation may be available. In Texas between 5,000 and 6,000 carloads of new onions are awaiting shipment in carload lots and no such as South Carolina, lettuce and other early vegetables are ready for shipment in carload lots and no transportation is available.

In addition to perishable food, livestock shipments have been curtailed to a point where some of the packing plants have ceased butchering.

To offset the food shortage the war department has ecided to allot its surplus stocks to various population centers

VOLUNTEERS USED IN NEW YORK TO MOVE TRAINS: NO RELIEF YET

New York, April 14.—Efforts were renewed today to end the unauthorized railroad strike which for almost a week has held New York tightly in its grip, paralyzing freight traffic, curtailing passenger service and causing wide spread discomfort.

Representatives of the Brotherhoods, headed by Timothy Shea, vice president of the Brotherhood of Firemen and Enginemeen, scheduled another conference with representatives of the strikers at Jersey City, Mayor Hyma of New York and health Commissioner Copeland were to sit in at the meeting and lay the case of the public before the opposing factions.

Shea was confident today that the end of the strike is in sight.

"Too optimistic," was the way the strikers termed his attitude. They blamed him for the announcement of a "settlement" which was made at the conclusion of the first conference yesterday.

Meanwhile the strike continues to isolate New York today. Little or no freight was moving on any roads and passenger service was crippled on all.

The passenger service was reported improved on the New York Central and the New Haven but there was little improvement on other lines. The freight situation was worse.

Jersey commuters stoked their own trains into Manhattan again today, brokers swinging shovels and lawyers acting as breakmen and conductors. Hundreds of volunteers from all walks and professions have offered their services to the roads and many of these offers have been accepted.

CABINET WILL DECIDE PLANS ON RAIL STRIKE

Palmer To Lay Damaging Evidence Before the meeting

Washington, April 14 —President Wilson, meeting with his cabinet today for the first time since his illness, was expected to take up the question of the railroad strike now holding the nation in its grip.

Attorney General Palmer had prepared an extensive report to lay before the cabinet, resulting from investigation of the strike by agents of the Department of Justice and U. S. district attorneys. The attorney general made no secret of the fact that much of this evidence pointed to an attempt upon the part of some extremist leaders to foment a general strike which might lead to even more grave national difficulties.

Whether the government shall act in the present crisis will be very largely determined by the cabinet today. Strong pressure has been exerted by district attorneys for drastic action, and the attorney general has several reports which declare that unless the government acts quickly there will be dire results

The cabinet met with the president in his study today. It was not anticipated that the meeting would be lengthy as Dr. Grayson had given orders that the president should not tire himself. The president met four of the cabinet members for the first time as members of his official family, Secretary of the Interior Payne, Secretary of Commerce Alexander, Secretary of Agriculture Meredith and Secretary of State Colby.

Caution Shopmen Rescind Walkout

Canton, O., April 14.—Shopmen of the Pennsylvania and the Wheeling and Lake Erie railroads, employed in this city and at Brewster respectively, voted last night to rescind the agreement to strike at 10 o'clock today in sympathy with the switchmen. The shopmen will await the action of the conference being held in Kansas City.

PASSENGER TRAINS TO BE RUN AGAIN

Pittsburg, April 14.—Passenger service on the iPttsburg and Lake Erie Railroad, which was suspended today by a strike of trainmen, will be resumed early tomorrow morning, according to an official statement given out here tonight by G. H. Sines, vice president of the Brotherhood of Railway Trainmen.

XENIA YARDMEN AT WORK FREIGHT MOVES NORMALLY

Xenia switchmen, who returned to work after a sixty-hour walkout Tuesday morning are still working and there are no indications now that they will again strike. Neither are there any indications that they will remain at work. It is believed that the switchmen here know no more concerning the situation than those on the outside and they are worried now about what their next move will be

The question of whether to stick by the Brotherhood or Railroad Trainmen or to join the new Yardmen's Association is what is agitating the minds of the yardmen. While the B. of R. T. is a powerful organization, the switchmen feel it is said that it is not doing anything for them and many of them are in favor of joining the new association in order to give it a chance it was said Wednesday. Switchmen here say they are not yet members of the new organization since they have paid no dues and have not taken any formal action to join it.

At present the situation is such that many of the switchmen are thoroughly disgusted Their demands for a wage increase made about a yeat ago have been ignored so far. and they feel that the B. of R. T., has not helped them in any way toward pulling the wage increase across. This seems to be the concensus of opinion among the switchmen here.

DAYTON MEN BACK.

At Dayton, the return to work of the striking Pennsylvania switchmen has returned freight conditions on that road in Dayton to normal. The Baltimore & Ohio is also said to be moving 75 per cent, the Big Four 60 per cent and the Erie is said to be normal in Dayton. The B. & O men returned to work in Dayton Wednesday morning and the Erie men were not affected by the walkout. An ultimatum posted on bulletin boards of several roads informed men they would lose seniority rights unless they were at their posts Wednesday. It is understood that members of the recently formed Yardmen's Association would meet Wednesday afternoon to vote on returning to work.

LOWDEN WINNER IN PRESIDENTIAL RACE IN ILLINOIS

Victory Over General Wood Not Decisive One However.

JOHNSON SPRINGS UP

Sensation Caused By Big Vote Received By Californian.

Chicago, April 14.—Governor Frank B. Lowden today is the winner of the presidential endorsement of the Republicans of Illinois, his home state. His plurality in Tuesday's preferential primaries is more than 80,000, according to the latest returns.

His victory over General Leonard Wood, his nearest competitor, is not a clean cut one, however. The latter swept Chicago and the rest of Cook county by a plurality of 27,938 votes, surging into victory in this section of the state in the heat of one of the most bitterly fought contests ever staged in Chicago.

Johnson Draws Well

Despite the number of votes polled by Lowden and Wood, however, the big sensation of the day was the showing made by Senator Hiram Johnson. With his name absent from the ballot no less than 40,000 voters in Cook county's ten congregational districts alone wrote it in as their choice for president, a result unparelled in the history of Illinois politics.

In the Democratic primaries, latest returns indicate that Herbert Hoover will win by a small margin, with Governor Edwards, Attorney General Palmer, W. G. McAdoo, William J. Bryan and James Hamilton Lewis receiving most of the remainder of the votes.

In the Republican primaries the returns from 2,810 out of 3,242 precincts in the entire state give Lowden a total of 144,638 and Wood 58,031. With this as a basis, the state vote complete is expected to be as follows:

Lowden 166,638; Wood 52,531; Lowden's plurality (deducting the Wood Cook county figures) 81,074.

The following are complete returns from the Cook county ten congressional districts, which include Lake county:

Candidate	Men	Women	Total
Wood	87,511	18,366	105,877
Lowden	64,245	14,099	78,344
Johnson	35,516	5,365	40,881

Woods plurality in Cook county 27,533.

RUSSIAN REDS ISSUE CALL FOR U S UPRISING

London, April 14.—Lieut. Colonel Joseph Stehlin, formerly of the Lafayette escadrille, and now commander of the flying forces of the Lettish army, declared today that he has knowledge that the Russian bolsheviks have issued a call for "a red rising in America."

According to Lieut. Colonel Stehlin a copy of the proclamation has been sent to Washington for observation by United States government officials. Lieut. Colonel Stehlin, whose home is at Sheephead Bay, N. Y., gave the following account of the affair:

"Late in March, while on the Lettish front, I saw a message that had been taken from the false bottom of a trunk owned by a Russian couriar. The courier was shot as soon as the contents of the message became known. The document was made up of three closely typewritten pages on linen paper and was addressed to 'The Bolshevik forces in America.' It declared that the time for propaganda is now ended and that the moment has come to strike. The proclamation said that Bolshevism in Russia would be lost unless the Bolshevik movement got under way outside of Russia."

According to the American officer the small boarder states adjoining Russia are making peace with the soviet because they were forced by the allies. The allies, he added, refused to lend money or give aid for a fight against the Bolshevists Russians. The money of the boarder states is so cheap that they can not buy war supplies and if they do not make peace they will be crushed by the Russian armies.

SCHOOLS CLOSE; NO COAL

Elyria, O., April 14.—Two schools have been forced to close today owing to the coal shortage. With only a few days' supply on hand, the other schools are facing a close down soon. The Coleon company, manufacturing automobile parts and employing 300 men, were also forced to close today.

STILL OUT IN SPRINGFIELD.

At Springfield, the switchmen seem resolute and have stated that demands made by W G. Bayley, superintendent of the Big Four, that they return to work by this morning, would not be complied with. As the result they are still out in Springfield, excepting three Pennsylvania switchmen, who belong with the local organization and who returned to work Tuesday morning at the same time the Pennsylvania men did here and in Dayton, although they refused to discuss their reasons for such action.

U.S.S. Destroyer Launched

Mrs. Mary Peary Stafford, daughter of the late Admiral Robert E. Peary, noted explorer and discoverer of the North Pole, acted as sponsor to the destroyer Peary, named in memory of her father, which was launched at the Cramp shipyards in Philadelphia. The photograph shows the destroyer sliding down the ways at the Cramp yards and the ships sponsor.

FIRST IRISH SOVIET FORMED STRIKE CONTINUES IN DUBLIN

Strikers Form Local Council With Intention Of Governing City During General Industrial Tieup—Aid In Demanding From "Triple Alliance."

London, April 14—The first Irish soviet has been formed at Galway. The workers who joined the Irish general strike formed a local council and announced that they would control the city fo nthe duration of the strike.

According to the Daily Herald, the official organ of the labor party, the council of the federation of railway men has demanded that a meeting of the "triple alliance" be held to support the Irish general strike

The "triple alliance" is the most powerful labor organization in Great Britain. It is composed of the railway workers, the coal miners and the transport workers.

A report was circulated here that the Irish strikers had cut the telephone and telegraph wires connecting northern and southern Ireland, but this was denied by the postoffice department. The local postoffice department at Dublin sent word to the government this morning that the situation was unchanged.

The possibiliy that the government would change its attitude regarding the treatment of prisoners in the Mount Joy jail aroused high speculation. The strike was called in protest against the manner in which the British authorities were handling the prisoners. According to the Manchester Guardian, the government has telegraphed to Dublin ordering the prison officials to treat Sinn Feiners like other ordinary untried cases."

Government officials denied that any such order had been sent to Dublin At the same time the home office stated that no steps had been taken to relax treatment of Sinn Fein prisoners.

STRIKE SITUATION THROUGHT WEST GREATLY IMPROVED

Chicago, April 14.—The switchmen's strike situation throughout the west continued to improve today, according to reports received here from various points, and the claims of railroad officials.

Decision of railroad unions affiliated with the American Federation of Labor to condemn the strike leaves the strikers and their newly formed organization, the Yardmen's Association, completely isolated from the support of all other labor organizations. This, combined with the active hostility of the big railroad brotherhoods, the threat of federal prosecution and a marked public sentiment against the strike, apparently has caused the switchmen to realize that their situation is an unenviable one and that their chances of winning are extremely slim.

In Chicago the railroads began lifting freight embargoes, and announced their determination to restore the traffic movement to normal. Many freight houses were open, accepting both incoming and outgoing freight, and groups of the strikers were reported as drifting back to work While they were returning to their old jobs, switching crews brought in by the Brotherhoods were arriving in force.

KILLED BY DRINK.

Massillon, O., April 14.—Raisin Jack caused the death of Aaron Agersteen, aged 43, of Columbia Heights, according to the opinion of Coroner T C. McQuate. Agersteen was a steel worker and leaves a wife and child in Roumania.

ENGLAND SENDS WARSHIPS FOR DUTY AT STRIKE

Shooting Affray is Reported From Dublin.

Dublin, April 14.—A flotilla of British destroyers has arrived on the southern Irish coast for patrol duty as a result of the strike, according to information from Queenstown today. A shooting affray occurred today and a constable was seriously wounded. He was shot in the back.

The nationalists at Londonderry joined the strike today, and shipping in the harbor was held up.

Food is becoming scarce. Grocery stores were open only a few hours today.

Farmers in southern Ireland are threatening to stop the export of Irish food to England if any of the prisoners in the Mount Joy jail die. The railway workers and the dock workers have been asked not to handle any food shipments if the embargo is called.

The post office was closed today except for the sending of telegrams.

The police were withdrawn from ordinary patrol in the principal cities affected by the strike today. Constables armed with rifles and fixed bayonets marched through the streets in groups of 25 at frequent intervals.

Lutheran Pastors Attend Meeting.

Canton, O., April 14.—Thirty-five ministers of the Lutheran church are in attendance ere at te Augustana conference of the English district and the Northern conference of the eastern district, in the first Lutheran church. The conference will close Thursday.

ANNOUNCE APPOINTMENT

Columbus, Apd 14—Appontment of E. C. Vermillion as State Americanization Director succeeding O. T. Carson, Columbus, resigned, has just been announced here.

Vermillion has been director of the Americanization work at Akron. Arthur F. Neff, also of Akron, will continue as assistant state director.

THIEVES GET LOOT

Cleveland, O., April 14.—Thieves employing "Jimmy Valentine" methods this morning broke open a safe in the office of Morris and Cumapny, meat packers, and escaped with $7,600 in cash and checks.

RAIL CONTROVERSY PLACED IN HANDS OF LABOR BOARD

Action of Railway Convention Averts Presents Crisis

Wage Increase Up

Raises of Year Ago Will Be Made 15 Per Cent More

Kansas City, Mo., April 14.—Having come out definitely against the outlaw strike, which has patalyzed transportation in many parts of the country the 700 delegates to the fifth biennial convention of the railway department of the American Federation of Labor—representing more than 700,000 railroad employes—today pitched into the work of preparing their wage increase program for submission to the new labor board.

It was learned today that the increase sought for as long ago as January 1919, and still pending will be further augmented by from 12 to 15 percent. This new increase will be demanded in order to keep pace with the steadily mounting cost of living since the request for increases was first made.

Submit Plans April 28

The general chairmen of the 16 recognized railroad organizations will submit their wage claims to all of the railroads of the country on April 28. No chairman is authorized to accept any settlement that does not grant the requests in full or state the position of the railroads. The decision of the railroads is to be made known to the general officers of the department not later than May 20. The whole controversy will thus be thrown into the hands of the president's newly appointed labor board.

A. O. Wharton, international president of the department and one of the members of the board, anounced last night that $10,000 had been spent for the services of a nationally known statistician who has made a thorough survey of the increasing living cost with particular reference to profiteering outrages.

Will Startle Country

"All of this information will be submitted to the labor board and it will startle the country," Wharton declared.

The outlaw strike issue provoked an all day battle behind closed doors of the convention hall. The radical element was surprisingy strong and there were many wild demonstrations favoring the insurgents. The general officers, led by Wharton, and Jewell, had difficulty in keeping the meeting in hand. A group from Chicago and other Illinois towns led the attack upon the law and order plan.

The fight over the resolution had reached its shrilliest part when news of the appointment of the labor board in Washington was flashed into the meeting. Jewell came out of the meeting and was supplied with a list of the president's appointees. He carried it back into the meeting and made the announcement. It brought a tremendous burst of cheering and the tide swiftly turned and from then on ran strongly in favor of the conservatives. The vote was taken a few minutes before 5 o'clock and was 2 to 1 against the strike.

SITUATION REMAINS STILL UNIMPROVED IN COLUMBUS YARDS

Columbus, O., April 14.—The railroad strike situation here remains unimproved.

Railroad managers, however, base hope for an early ending of the local strike in fact that members of the brotherhoods of railway trainmen, employed by the Hocking Valley and Toledo and Ohio Central railroads, are considering the attitude they will take if they are requested to take the places of the striking yard crews. National president Lee has informed officials of the local lodges that, complying with their contract, the trainmen must work in the yards if railroad officials ask them to.

Strikers claim all traffic on the Big Four will stop here as a result of the failure of over 75 repairmen to go to work today. With these men idle equipment cannot be repaired or inspected.

Mechanics here have refused to repair equipment handled by strike breakers.

Big Four switchmen disregarded the company's ultimatum that they report for duty at 7 o'clock this morning or be considered permanently out of that company's employ.

DEPORTATIONS ORDERED

Washington, April 14—The department of labor announced this afternoon that 390 members of the communist and communist labor party have been ordered deported. There have been 5,711 deportation warrants issued since December 29, of which approximately 3,000 have been executed.

There have been 933 warrants of arrest cancelled and 1,323 cases have been actually examined. A number of aliens have been placed on probation

MEMBER OF RAIL LABOR BOARD KNOWN IN XENIA

Henry T. Hunt, former Mayor of Cincinnati, whose mother, the late Mrs. Mattie Trotter Hunt, was a former Xenian, and cousin of the Allison family, is one of the six members of the Railroad Labor Board appointed yesterday by President Wilson.

DAYTON MEN BACK.

At Dayton, the return to work of the striking Pennsylvania switchmen has returned freight conditions on that road in Dayton to normal. The Baltimore & Ohio is also said to be moving 75 per cent, the Big Four 60 per cent and the Erie is said to be normal in Dayton. The B. & O men returned to work in Dayton Wednesday morning and the Erie men were not affected by the walkout. An ultimatum posted on bulletin boards of several roads informed men they would lose seniority rights unless they were at their posts Wednesday. It is understood that members of the recently formed Yardmen's Association would meet Wednesday afternoon to vote on returning to work.

LOWDEN WINNER IN PRESIDENTIAL RACE IN ILLINOIS

Victory Over General Wood Not Decisive One However.

JOHNSON SPRINGS UP

Sensation Caused By Big Vote Received By Californian.

Chicago, April 14.—Governor Frank B. Lowden today is the winner of the presidential endorsement of the Republicans of Illinois, his home state. His plurality in Tuesday's preferential primaries is more than 80,000, according to the latest returns.

His victory over General Leonard Wood, his nearest competitor, is not a clean cut one, however. The latter swept Chicago and the rest of Cook county by a plurality of 27,933 votes, surging into victory in this section of the state in the heat of one of the most bitterly fought contests ever staged in Chicago.

Johnson Draws Well

Despite the number of votes polled by Lowden and Wood, however, the big sensation of the day was the showing made by Senator Hiram Johnson. With his name absent from the ballot no less than 40,000 voters in Cook county's ten congregational districts alone wrote it in as their choice for president, a result unparelled in the history of Illinois politics.

In the Democratic primaries, latest returns indicate that Herbert Hoover will win by a small margin, with Governor Edwards, Attorney General Palmer, W. G. McAdoo, William J. Bryan and James Hamilton Lewis receiving most of the remainder of the votes.

In the Republican primaries the returns from 2,810 out of 3,242 precincts in the entire state give Lowden a total of 144,638 and Wood 58,031. With this as a basis, the state vote complete is expected to be as follows:

Lowden 166,638; Wood 52,531; Lowden's plurality (deducting the Wood Cook county figures) 81,074.

The following are complete returns from the Cook county ten congressional districts, which include Lake county:

Candidate	Men	Women	Total
Wood	87,511	18,366	105,877
Lowden	64,245	14,099	78,344
Johnson	35,516	5,365	40,881

Woods plurality in Cook county 27,533.

RUSSIAN REDS ISSUE CALL FOR U S UPRISING

London, April 14.—Lieut. Colonel Joseph Stehlin, formerly of the Lafayette escadrille, and now commander of the flying forces of the Lettish army, declared today that he has knowledge that the Russian bolsheviks have issued a call for "a red rising in America."

According to Lieut. Colonel Stehlin a copy of the proclamation has been sent to Washington for observation by United States government officials. Lieut. Colonel Stehlin, whose home is at Sheephead Bay, N. Y., gave the following account of the affair:

"Late in March, while on the Lettish front, I saw a message that had been taken from the false bottom of a trunk owned by a Russian couriar. The courier was shot as soon as the contents of the message became known. The document was made up of three closely typewritten pages on linen paper and was addressed to 'The Bolshevik forces in America.' It declared that the time for propaganda is now ended and that the moment has come to strike. The proclamation said that Bolshevism in Russia would be lost unless the Bolshevik movement got under way outside of Russia."

According to the American officer the small boarder states adjoining Russia are making peace with the soviet because they were forced by the allies. The allies, he added, refused to lend money or give aid for a fight against the Bolshevists Russians. The money of the boarder states is so cheap that they can not buy war supplies and if they do not make peace they will be crushed by the Russian armies.

SCHOOLS CLOSE; NO COAL

Elyria, O., April 14.—Two schools have been forced to close today owing to the coal shortage. With only a few days' supply on hand, the other schools are facing a close down soon. The Coleon company, manufacturing automobile parts and employing 300 men, were also forced to close today.

STILL OUT IN SPRINGFIELD.

At Springfield, the switchmen seem resolute and have stated that demands made by W G. Bayley, superintendent of the Big Four, that they return to work by this morning, would not be complied with. As the result they are still out in Springfield, excepting three Pennsylvania switchmen, who belong with the local organization and who returned to work Tuesday morning at the same time the Pennsylvania men did here and in Dayton, although they refused to discuss their reasons for such action.

U.S.S. Destroyer Launched

Mrs. Mary Peary Stafford, daughter of the late Admiral Robert E. Peary, noted explorer and discoverer of the North Pole, acted as sponsor to the destroyer Peary, named in memory of her father, which was launched at the Cramp shipyards in Philadelphia. The photograph shows the destroyer sliding down the ways at the Cramp yards and the ships sponsor.

FIRST IRISH SOVIET FORMED STRIKE CONTINUES IN DUBLIN

Strikers Form Local Council With Intention Of Governing City During General Industrial Tieup—Aid In Demanding From "Triple Alliance."

London, April 14—The first Irish soviet has been formed at Galway. The workers who joined the Irish general strike formed a local council and announced that they would control the city fo rthe duration of the strike.

According to the Daily Herald, the official organ of the labor party, the council of the federation of railway men has demanded that a meeting of the "triple alliance" be held to support the Irish general strike

The "triple alliance" is the most powerful labor organization in Great Britain. It is composed of the railway workers, the coal miners and the transport workers.

A report was circulated here that the Irish strikers had cut the telephone and telegraph wires connecting northern and southern Ireland, but this was denied by the postoffice department. The local postoffice department at Dublin sent word to the government this morning that the situation was unchanged.

The possibiliy that the government would change its attitude regarding the treatment of prisoners in the Mount Joy jail aroused high speculation. The strike was called in protest against the manner in which the British authorities were handling the prisoners. According to the Manchester Guardian, the government has telegraphed to Dublin ordering the prison officials to treat Sinn Feiners 'like other ordinary untried cases."

Government officials denied that any such order had been sent to Dublin At the same time the home office stated that no steps had been taken to relax treatment of Sinn Fein prisoners.

STRIKE SITUATION THROUGHT WEST GREATLY IMPROVED

Chicago, April 14.—The switchmen's strike situation throughout the west continued to improve today, according to reports received here from various points, and the claims of railroad officials.

Decision of railroad unions affiliated with the American Federation of Labor to condemn the strike leaves the strikers and their newly formed organization, the Yardmen's Association, completely isolated from the support of all other labor organizations. This, combined with the active hostility of the big railroad brotherhoods, the threat of federal prosecution and a marked public sentiment against the strike, apparently has caused the switchmen to realize that their situation is an unenviable one and that their chances of winning are extremely slim.

In Chicago the railroads began lifting freight embargoes, and announced their determination to restore the traffic movement to normal. Many freight houses were open, accepting both incoming and outgoing freight, and groups of the strikers were reported as drifting back to work While they were returning to their old jobs, switching crews brought in by the Brotherhoods were arriving in force.

KILLED BY DRINK.

Massillon, O., April 14.—Raisin Jack caused the death of Aaron Agersteen, aged 43, of Columbia Heights, according to the opinion of Coroner T C. McQuate. Agersteen was a steel worker and leaves a wife and child in Roumania.

ENGLAND SENDS WARSHIPS FOR DUTY AT STRIKE

Shooting Affray is Reported From Dublin.

Dublin, April 14.—A flotilla of British destroyers has arrived on the southern Irish coast for patrol duty as a result of the strike, according to information from Queenstown today. A shooting affray occurred today and a constable was seriously wounded. He was shot in the back.

The nationalists at Londonderry joined the strike today, and shipping in the harbor was held up.

Food is becoming scarce. Grocery stores were open only a few hours today.

Farmers in southern Ireland are threatening to stop the export of Irish food to England if any of the prisoners in the Mount Joy jail die. The railway workers and the dock workers have been asked not to handle any food shipments if the embargo is called.

The post office was closed today except for the sending of telegrams.

The police were withdrawn from ordinary patrol in the principal cities affected by the strike today. Constables armed with rifles and fixed bayonets marched through the streets in groups of 25 at frequent intervals.

RAIL CONTROVERSY PLACED IN HANDS OF LABOR BOARD

Action of Railway Convention Averts Presents Crisis

Wage Increase Up

Raises of Year Ago Will Be Made 15 Per Cent More

Kansas City, Mo., April 14.—Having come out definitely against the outlaw strike, which has patalyzed transportation in many parts of the country the 700 delegates to the fifth biennial convention of the railway department of the American Federation of Labor—representing more than 700,000 railroad employes—today pitched into the work of preparing their wage increase program for submission to the new labor board.

It was learned today that the increase sought for as long ago as January 1919, and still pending will be further augmented by from 12 to 15 percent. This new increase will be demanded in order to keep pace with the steadily mounting cost of living since the request for increases was first made.

Submit Plans April 28

The general chairmen of the 16 recognized railroad organizations will submit their wage claims to all of the railroads of the country on April 28. No chairman is authorized to accept any settlement that does not grant the requests in full or state the position of the railroads. The decision of the railroads is to be made known to the general officers of the department not later than May 20. The whole controversy will thus be thrown into the hands of the president's newly appointed labor board.

A. O. Wharton, international president of the department and one of the members of the board, anounced last night that $10,000 had been spent for the services of a nationally known statistician who has made a thorough survey of the increasing living cost with particular reference to profiteering outrages.

Will Startle Country

"All of this information will be submitted to the labor board and it will startle the country," Wharton declared.

The outlaw strike issue provoked an all day battle behind closed doors of the convention hall. The radical element was surprisingy strong and there were many wild demonstrations favoring the insurgents. The general officers, led by Wharton, and Jewell, had difficulty in keeping the meeting in hand. A group from Chicago and other Illinois towns led the attack upon the law and order plan.

The fight over the resolution had reached its shrilliest part when news of the appointment of the labor board in Washington was flashed into the meeting. Jewell came out of the meeting and was supplied with a list of the president's appointees. He carried it back into the meeting and made the announcement. It brought a tremendous burst of cheering and the tide swiftly turned and from then on ran strongly in favor of the conservatives. The vote was taken a few minutes before 5 o'clock and was 2 to 1 against the strike.

SITUATION REMAINS STILL UNIMPROVED IN COLUMBUS YARDS

Columbus, O., April 14.—The railroad strike situation here remains unimproved.

Railroad managers, however, base hope for an early ending of the local strike in fact that members of the brotherhoods of railway trainmen, employed by the Hocking Valley and Toledo and Ohio Central railroads, are considering the attitude they will take if they are requested to take the places of the striking yard crews. National president Lee has informed officials of the local lodges that, complying with their contract, the trainmen must work in the yards if railroad officials ask them to.

Strikers claim all traffic on the Big Four will stop here as a result of the failure of over 75 repairmen to go to work today. With these men idle equipment cannot be repaired or inspected.

Mechanics here have refused to repair equipment handled by strike breakers.

Big Four switchmen disregarded the company's ultimatum that they report for duty at 7 o'clock this morning or be considered permanently out of that company's employ.

DEPORTATIONS ORDERED

Washington, April 14—The department of labor announced this afternoon that 390 members of the communist and communist labor party have been ordered deported. There have been 5,711 deportation warrants issued since December 29, of which approximately 3,000 have been executed.

There have been 933 warrants of arrest cancelled and 1,323 cases have been actually examined. A number of aliens have been placed on probation

WILBERFORCE

The Executive Board of Wilberforce University held an all day's session in President W. S. Scarborough's office Tuesday, and received the financial report of the big rally instituted some months ago by Bishop J. H. Jones, to liquidate the long standing debt which has hung over the school.

The total amount raised in cash and pledges amounted to $90,000. When the board met Bishop Jones drew a check for $51,000 and presented it to the treasurer, Dr. T. H. Jackson, of this amount, Bishop Jones raised in his Episcopal district, consisting of Ohio and North Ohio Conferences, the Pittsburgh and West Virginia Conferences, $38,000.

All debts owed by the university were paid, $5,000 was set apart for Payne Theological Seminary, of this amount $2,075 was placed to the building fund of the seminary and $11,750 was given to the Endowment fund of the University.

Those attending the Executive Board were Bishop J. H. Jones chairman, Bishop L. J. Coppin, vice-chairman, of Philadelphia; Rev. George David, of Lexington, Ky.; Rev. S. P. West, of Columbus; Rev. W. H. H. Butler, of Washington, Pa.; Rev. W. B. Lee, of Springfield; Pres. W. S. Scarborough and Dr. T. H. Jackson, of Wilberforce.

Bishop Jones will leave for Texas on the 21st, to close another financial rally for Paul Quinn College, located at Waco, and $15,000 is expected to be raised, making a total of $60,006 raised in four years during his supervision of the work in that state.

The Cold That Hangs On

This is No. 5 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

A cold is simply an inflammation of some part of the air passage—throat, larynx or bronchial tubes—just like a sore is an inflammation of the skin. A long continued cold means constant inflammation and this constant inflammation frequently weakens the air passages so that they become an easy point of attack for invading germs of more serious diseases. A "cold that hangs on," therefore, is simply nature's "red flag" indicating that there is "trouble below," and this warning should never be neglected.

Nightly applications of Vick's VapoRub will aid nature to clear up that inflammation. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to The Vick Chemical Company, 235 Broad Street, Greensboro, N. C.

MUCH WHEAT STORED MOVING A BIG PROBLEM

Minneapolis, April 14.—In the face of congested railway transportation, the U. S. Grain Corporation is confronted with the problem of moving, before May 31, nearly 1,000,000 bushels of government owned wheat stored in Minneapolis elevators, Frank L. Carey, vice president of the corporation, said today.

The Cold That Hangs On

This is No. 5 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vick's VapoRub may be of value in this condition.

A cold is simply an inflammation of some part of the air passages—throat, larynx or bronchial tubes—just like a sore is an inflammation of the skin. A long continued cold means constant inflammation and this constant inflammation frequently weakens the air passages so that they become an easy point of attack for invading germs of more serious diseases. A "cold that hangs on," therefore, is simply nature's "red flag" indicating that there is "trouble below," and this warning should never be neglected.

Nightly applications of Vick's VapoRub will aid nature to clear up that inflammation. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to The Vick Chemical Company, 235 Broad Street, Greensboro, N. C.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

While there is no international law, Mrs. Weaver handled the subject from several interesting angles, taking up defects which she saw in the peace treaty, and what might be expected from the conclusion of peace on the terms considered. Mrs. Weaver who was formerly in Yellow Springs, is now a teacher in the Y. M. C. A. school in Cleveland, and after her paper was finished the discussion led to an interesting talk concerning her work, which deals largely with young men from the foreign element in Cleveland.

Mrs. Kent Finley in her paper, "America as a World Power," began by describing the idea of world power held by ancient Greece and Rome, and led up to the present, showing how the United States has become a leading world power. The roll call was answered with the names of world leaders. Victrola music was enjoyed.

Dr. Biederwolf preached Monday night from Proverbs XI, 30: "He that winneth souls is wise." The sermon was addressed particularly to the Christian people.

The evangelist urged upon them the incalculable value of a soul; the inevitable ruin of the soul out of Christ; the heavy responsibility resting upon every Christain to first live and then speak the gospel, and the all-mastering concern every believer should have for his brother.

He concluded with a strong presentation of the need, in such work of prayer, patience and a knowledge of "How to guide a seeker."

After the main service a short prayer meeting was held.

Dr. Biederwolf was assisted by Rev. Chas. Bennett, of the First Methodist Rev. V. F. Brown of the Trinity Methodist, and by the two United Presbyterian pastors.

The lectures at the Seminary at 2:00 every afternoon are open to all who are interested in Pastoral Evangelism. The first of the series was delivered on Monday. Dr Biederwolf began by saying that the history of the church is a history of waves of evangelistic enthusiasm.

COURT NEWS

A lunacy charge was filed in probate court Wednesday morning by Lewis Williams, colored, East Second Street, against Bessie Williams, 21, his daughter.

The girl's mind became unbalanced about two weeks ago and up until Tuesday she had been given careful watching. Tuesday she was found acting queer in the Y. M. C. A. building and was taken home. She escaped again later and was picked up by officers in the Court House lawn and taken to police headquarters.

Kansas City Woman Gains Twenty Pounds

Mrs. R. T. Butts Says Her Life Was Miserable For Two Long Years Before She Began Taking Tanlac —Now Enjoying Fine Health.

"If it had not been for Tanlac I would still be a sick woman, so I feel like I ought to tell everyone what this wonderful medicine has done for me," was the sincere statement made recently by Mrs. R. T. Butts, 1924 Troost Avenue, Kansas City, Mo.

"By the help of Tanlac I have gotten rid of a severe case of nervous indigestion that had made my life miserable for the past two years I could not eat anything without suffering afterward. The gas on my stomach would rise up into my chest and press on my heart and at times would almost cut off my breath. My nerves were so up-set that the least unexpected noise would almost distract me. I seldom slept well and was so nervous I would often roll and toss until after midnight and what little sleep I did get seemed to do me no good. I was also a great sufferer from headaches and would often get so dizzy I would have to hold on to something to keep from falling.

"One day I happened to see a testimonial for Tanlac, describing a case like mine, so I bought a bottle and before I had finished I began to feel just like a different person. Those terrible headaches disappeared and my appetite returned. When my first bottle was gone I got another and I kept on improving, now I can eat just anything I want and I never suffer any more from indigestion. I am not the least bit nervous and rest well at night and never know what it is to have a headache or a dizzy spell.

"Tanlac has not only relieved me of my suffering, but I have actually gained 20 pounds in weight and have not enjoyed such good health for years. Tanlac is certainly a wonderful medicine and I will always feel grateful for what it has done for me. I want to recommend this medicine to all my friends because I believe it will benefit anyone who is suffering as I did."

Tanlac is sold in Xenia by Sayre & Hemphill and in Yellow Springs by A. Finley.

To get this same genuine, world-famous Aspirin, you must ask for "Bayer, Tablets of Aspirin," marked with the "Bayer Cross." You will find safe and proper directions in every unbroken package.

Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticdester of Salicylicacid.

POSSIBILITY OF COAL SHORTAGE IN XENIA PASSES ACUTE STAGE

As far as the water supply is concerned, due to the coal situation, City Manager Kenyon Riddle was more optimistic concerning the result Wednesday morning

Mr. Riddle said that a few tons of coal had been purchased by the Company, and that it was thought that relief would reach here before any drastic action would have to be taken by the city in order to secure the fuel. The possible confiscation of a car will be resorted to as a last measure, it is believed.

The O. S. and S. O. Home was much better situated for fuel Wednesday morning, a car of coal having been received at the institution Wednesday. This car of fuel staves off any posible fuel famine for some time yet, and with the weather clear and much warmer, which will cut the consumption of the fuel, it is not thought likely that the institution will again be in serious straits.

GUN DUEL STAGED WITH ALLEGED AUTO BANDITS IN CAPITAL

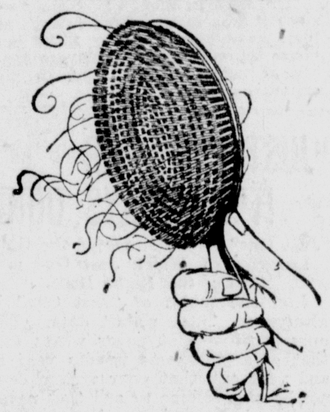

Columbus, April 14.—A gun duel staged in front of the state house, resulted in the arrest of two Cincinnati young men on suspicion of being auto thieves The arrested men are: Edward Scheppers, 19, and Harry Schoem, also 19. Scheppers was wonuded in the hip. After trailing them for hours policemen say they found Scheppers and Schoem tampering with outos in front of the city hall, opposite the state house. The young fellows started to run down High street. The police gave chase, firing as they ran. Officers claim Scheppers and Schoem had revolvers, but that Scheppers' weapon refused to work when he tried to use it, and that Schoem threw his gun into the sttae house yard where it was secured by the police. The young men were made prisoners at High and Broad streets

Merit That Makes Mileage —In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3½-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size, in *waterproof bag* $4.50

Dr. Biederwolf preached Monday night from Proverbs XI, 30: "He that winneth souls is wise." The sermon was addressed particularly to the Christian people.

The evangelist urged upon them the incalculable value of a soul; the inevitable ruin of the soul out of Christ; the heavy responsibility resting upon every Christain to first live and then speak the gospel, and the all-mastering concern every believer should have for his brother.

He concluded with a strong presentation of the need, in such work of prayer, patience and a knowledge of "How to guide a seeker."

After the main service a short prayer meeting was held.

Dr. Biederwolf was assisted by Rev. Chas. Bennett, of the First Methodist Rev. V. F. Brown of the Trinity Methodist, and by the two United Presbyterian pastors.

The lectures at the Seminary at 2:00 every afternoon are open to all who are interested in Pastoral Evangelism. The first of the series was delivered on Monday. Dr Biederwolf began by saying that the history of the church is a history of waves of evangelistic enthusiasm.

COURT NEWS

A lunacy charge was filed in probate court Wednesday morning by Lewis Williams, colored, East Second Street, against Bessie Williams, 21, his daughter.

The girl's mind became unbalanced about two weeks ago and up until Tuesday she had been given careful watching. Tuesday she was found acting queer in the Y. M. C. A. building and was taken home. She escaped again later and was picked up by officers in the Court House lawn and taken to police headquarters.

Treatment For Rabies Is Given

Mrs. Curtis Hale and her two children, East Market street, will be administered anti-rabic treatment to prevent the development of rabies. A dog belonging to the Hales was pronounced suffering from hydrophobia afrte it had snapped at and scratched the two children on the hands with its teeth. Mrs. Hale who had a scratch on her hand worked with the sick animal, penning it up, and she will also be given the treatment. The dog was killed and its head sent to Columbus, where an analysis showed the presence of rabies.

A mast enjoyable party was held at the home of Homer Henrie, Tuesday evening. Sixteen boys and girls participated in the games and contests. In apeanut hunt Eva Perril was the fortunate one, winning a box of stationery and the booby prize, a packet of flowers was awarded to Max Marshall. Refreshments of home made fudge and candied popcorn were served.

Kansas City Woman Gains Twenty Pounds

Mrs. R. T. Butts Says Her Life Was Miserable For Two Long Years Before She Began Taking Tanlac —Now Enjoying Fine Health.

"If it had not been for Tanlac I would still be a sick woman, so I feel like I ought to tell everyone what this wonderful medicine has done for me," was the sincere statement made recently by Mrs. R. T. Butts, 1924 Troost Avenue, Kansas City, Mo.

"By the help of Tanlac I have gotten rid of a severe case of nervous indigestion that had made my life miserable for the past two years I could not eat anything without suffering afterward. The gas on my stomach would rise up into my chest and press on my heart and at times would almost cut off my breath. My nerves were so up-set that the least unexpected noise would almost distract me. I seldom slept well and was so nervous I would often roll and toss until after midnight and what little sleep I did get seemed to do me no good. I was also a great sufferer from headaches and would often get so dizzy I would have to hold on to something to keep from falling.

"One day I happened to see a testimonial for Tanlac, describing a case like mine, so I bought a bottle and before I had finished I began to feel just like a different person. Those terrible headaches disappeared and my appetite returned. When my first bottle was gone I got another and I kept on improving, now I can eat just anything I want and I never suffer any more from indigestion. I am not the least bit nervous and rest well at night and never know what it is to have a headache or a dizzy spell.

"Tanlac has not only relieved me of my suffering, but I have actually gained 20 pounds in weight and have not enjoyed such good health for years. Tanlac is certainly a wonderful medicine and I will always feel grateful for what it has done for me. I want to recommend this medicine to all my friends because I believe it will benefit anyone who is suffering as I did."

Tanlac is sold in Xenia by Sayre & Hemphill and in Yellow Springs by A. Finley.

USES OF ASPIRIN TOLD BY "BAYER"

Bayer Company, who introduced Aspirin 18 years ago, give advice.

When the Bayer Company introduced Aspirin over eighteen years ago, physicians soon proved it a marvelous help in relieving Rheumatism, Colds, Headache, Neuralgia, Earache, Toothache Lumbago, Neuritis, Aching Joints and Pain in general.

To get this same genuine, world-famous Aspirin, you must ask for "Bayer, Tablets of Aspirin," marked with the "Bayer Cross." You will find safe and proper directions in every unbroken package.

Handy tin boxes of 12 tablets cost only a few cents. Druggists also sell larger 'Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticdester of Salicylicacid.

POSSIBILITY OF COAL SHORTAGE IN XENIA PASSES ACUTE STAGE

As far as the water supply is concerned, due to the coal situation, City Manager Kenyon Riddle was more optimisitic concerning the result Wednesday morning

Mr. Riddle said that a few tons of coal had been purchased by the Company, and that it was thought that relief would reach here before any drastic action would have to be taken by the city in order to secure the fuel. The possible confiscation of a car will be resorted to as a last measure, it is believed.

The O. S. and S. O. Home was much better situated for fuel Wednesday morning, a car of coal having been received at the institution Wednesday. This car of fuel staves off any posible fuel famine for some time yet, and with the weather clear and much warmer, which will cut the consumption of the fuel, it is not thought likely that the institution will again be in serious straits.

GUN DUEL STAGED WITH ALLEGED AUTO BANDITS IN CAPITAL

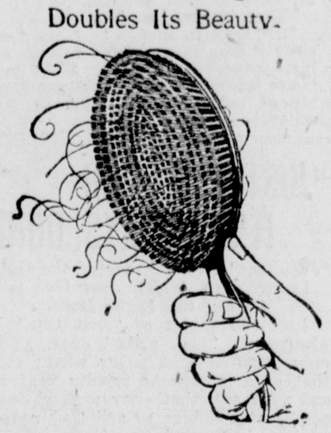

Columbus, April 14.—A gun duel staged in front of the state house, resulted in the arrest of two Cincinnati young men on suspicion of being auto thieves The arrested men are: Edward Scheppers, 19, and Harry Schoem, also 19. Scheppers was wounded in the hip. After trailing them for hours policemen say they found Scheppers and Schoem tampering with outos in front of the city hall, opposite the state house. The young fellows started to run down High street. The police gave chase, firing as they ran. Officers claim Scheppers and Schoem had revolvers, but that Scheppers' weapon refused to work when he tried to use it, and that Schoem threw his gun into the sttae house yard where it was secured by the police. The young men were made prisoners at High and Broad streets

Merit That Makes Mileage —In Tires for the Smaller Cars

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3½-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $23.50

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size, in waterproof bag $4.50

"INDEFINITE CONTINUANCE" INSTEAD OF 20 YEARS IN THE PEN.

Mr. Wilson's administration through his department of justice apparently has decided that Victor Berger of Milwaukee isn't such a bad fellow after all. At least that is the impression gained reading accounts of an action in the federal court at Chicago when indefinite continuance was given Berger's case. Indefinite continuance usually means that nothing further is done.

Berger was convicted in January a year ago of obstructing the draft. The penalty was a term in a federal prison and Berger was to serve 20 years. But now the war is over, and America's army, despite Berger and his fellow sympathizers with bloodmad Prussia, were victorious. Also, the Milwaukee congressional district elected Berger to congress as a "vindication."

Berger's crime is as real and as punishable today as it was prior to the signing of the armistice. What he did was help Germany in its effort to defeat America. He was German in action as well as in sentiment; in sympathy as well as in descent. He tried to thwart the law of this country and paralyze our military arm during the greatest crisis this nation ever faced. That he was unsuccessful matters nothing; had he been in uniform he would have been shot and 20 years seems little enough time for Mr. Berger to spend in jail.

Of course, there is an election coming on and a vote is a vote even though it be German. But it is well to remember that if a vote is always a vote, so is a traitor always a traitor, a Prussian always a Prussian, as is proven by the recent revolution in Berlin, and, by the same token, a politician, even after elected, remains a politician still.

ENGLAND OBJECTS TO FRANCE'S OCCUPATION OF FRANKFORT WITHOUT CONSENT OF ALLIES.

The British reply to the French note on the occupation of Frankfort declares, according to an authorative statement, that the strength and success of the alliance depends on unanimity of action, and while there is a possibility of a continuance of independent action the situation remains unsolved. Therefore, pending a clear understanding on this point, the British ambassador in Paris has been instructed not to attend any meetings or conferences for arranging measures with regard to Germany, inasmuch as such conferences would be nugatory while one ally was acting independently.

Great Britain's reply reaffirms the determination to enforce the Versailles treaty in all respects, but in collaboration with the other Allies. It points out, however, that the present difficulty is concerned not only with the execution of the treaty, but with Germany's request for permission to employ troops in the neutral zone.

The government's view, shared by the Allies, was that the request should be granted subject to guarantees for the restoration of neutrality after the expiration of a time limit, and these guarantees the British Government was prepared to enforce.

The French Government's view, on the other hand, was that allied troops should occupy German towns as a condition of German troops entering the neutral zone. The Allies, it is declared, were opposed to this policy, and the French then decided to act independently. The French note seeks to justify this independent action, while stating that France does not contemplate any future action without previous approval by the Allies.

THE U. S. VIEWED AS A "QUITTER" ON TREATY, SAYS FOSDICK.

Failure of the United States to ratify the peace treaty and join the League of Nations "has made us regarded abroad as a race of quitters," while "our professions of idealism and disinterestedness are marked down for shame and hypocrisy," Raymond B. Fosdick, who recently resigned as under secretary general of the League of Nations, declared on Sunday. Mr. Fosdick, who arrived on the steamship Baltic, has passed the last month in London and Paris finishing up his work in connection with the organization of the league.

"Our isolation is complete and we face the rest of the world all in alliance," he asserted. "It is foolish to assume that the situation has no elements of danger for us. Our position is one of peril, a fact that is evidently realized in Washington, judging from the plans that are being made for the biggest navy in the world. The price of our isolation will be armament.

"For it must not be forgotten that the ghastly business in Washington has left us without a friend anywhere. All that we won during the war we have deliberately thrown away. The influence that we had, our position of leadership, the affection in which everything relating to America was held, have all gone by the board."

J P HOLLINGSWORTH DIES WEDNESDAY

Joseph P. Hollingsworth, died at his home five miles south of Jamestown on the Bales road, Wednesday morning. Death was due to old age.

Mr. Hollingsworth would have been 87 years of age next month. Two sons and a daughter, Charles and Haily and Miss Emma, all of whom live at home, were with him when he died. The other children are Lonnie, of New Jasper, and Marion of Columbus. He also leaves two sisters, Mrs. C. J. Sutton of Texas, and Mrs. Mary Hollingsworth of this city. Funeral services will be held Friday afternoon at one o'clock at the late home.

CHEAP GRUB.

TO every plan that's good for man attention I am giving; I'm eating fish—a cheapjohn dish—to beat the cost of living. I do not like the wall-eyed pike, the sucker or the grayling, yet if I balked at them, or knocked, in duty I'd be failing. For we must try, since costs are high, to make the blamed things lower, and jolt those dears, the profiteers, and make their graft work slower. And so I eat the catfish meat that makes my system sicken, and chew old perch as tough as birch, that doesn't taste like chicken. The halibut that some poor nut shipped from the briny ocean, I swallow fried, and my inside is filled with sad emotion. Oh, all the fish that go kerswish through sea and lake and river, I'd gladly swap for mutton chop, or bacon flanked by liver. I eat my whale, and though I'm pale, I'm steadfast in my duty; my purpose high to eat or die is sure a thing of beauty. I chew my shark and men remark I'm thus a great blow landing; if all would eat, like me, cheap meat, the Cost would lose its standing. I empty creels of fish and eels and store them in my body, but how I sigh for beefsteak pie, and porterhouses gaudy!

"JUST ONE" AND IT'S ALWAYS DONE

"Just One" is the Name of the Only Laxative of Which Just One is Always the Right Dose.

Just one tablet of "Just One" is always a "just right" dose. The only laxative that never wears out, that gives the same results year in and year out, that your system does not become callous to and that never needs to have its dosage increased.

All other laxatives work well only until your system gets used to them. Then you must either get a different kind or increase the dose. With "Just One" you get an entirely different laxative at each dose, because each of the 20 similar looking tablets in each box is made of different laxative ingredients. Each is a tried and proved successful formula, each is thorough dependable and pleasant in action and each is different from the other 19. That's why they never wear out.

Quit pounding on one particular organ all the time Use a laxative that works on different organs each dose. Stir up your liver one time, your pancreas another, your lower bowel another, and so on, always changing. You'll get much better results and without harming your system as other single-formula laxatives harm it. Try this new, scientific way and you'll see why it is so much better

Don't let the day pass without getting your box of "Just One." Any druggist anywhere can get "Just One" for you, or we will send it postpaid upon receipt of 25c per package. Ferritone Chemical Company, Council Bluffs, Iowa.

How Is Your Weight?

While it is true that too much weight is not to be desired yet the fact remains that many men and women are thin to the point of danger. This danger lies in their having no reserve force or nerve power to combat deadly diseases. A little extra flesh is needed by all to feel well and to look well and this calls up the question of how best to increase the weight.

Physicians and chemists by experiments have solved the problem of increasing the white and red corpuscles of the blood by the administration of 3 grain hypo-nuclane tablets, and this is usually followed by an increase of weight. Obtain in sealed packages, and take for a period of several months, according to directions with package.

Tells Fat People Perverted Craving

For Wrong Foods Must Be Overcome.

Says Arbolone Tablets Does This and Reduces Weight, Too.

The person who is too fat is told to diet and the very things that a perverted appetite craves are the ones "you must not eat." Obesity is unnatural. It is like an endless chain. Eating wrong foods in the wrong way produces a perverted appetite. Then the appetite demands and craves the wrong foods and converts them into needless, embarrassing fat. Tablets Arbolone stops the perverted craving for the wrong foods, gives a normal appetite, eliminates the fat-forming elements through kidneys and bowels, dissolves the fatty surplus and sends it back through eliminative channels, causing improved health and strength. One or two tubes will convince any fat person that Arbolone is what they need to reduce safely and successfully. Sold by thirty thousand druggists in sealed tubes with full directions.

Rippling Rhymes by Walt Mason

CHEAP GRUB.

TO every plan that's good for man attention I am giving; I'm eating fish—a cheapjohn dish—to beat the cost of living. I do not like the wall-eyed pike, the sucker or the grayling, yet if I balked at them, or knocked, in duty I'd be failing. For we must try, since costs are high, to make the blamed things lower, and jolt those dears, the profiteers, and make their graft work slower. And so I eat the catfish meat that makes my system sicken, and chew old perch as tough as birch, that doesn't taste like chicken. The halibut that some poor nut shipped from the briny ocean, I swallow fried, and my inside is filled with sad emotion. Oh, all the fish that go 'kerswish through sea and lake and river, I'd gladly swap for mutton chop, or bacon flanked by liver. I eat my whale, and though I'm pale, I'm steadfast in my duty; my purpose high to eat or die is sure a thing of beauty. I chew my shark and men remark I'm thus a great blow landing; if all would eat, like me, cheap meat, the Cost would lose its standing. I empty creels of fish and eels and store them in my body, but how I sigh for beefsteak pie, and porterhouses gaudy!

"Say," said the irate visitor, "you had something about me in your paper that has gotta be corrected."

"If the item was wrong," the editor smoothly replied, "we will cheerfully do as you request."

"I told one of your reporters I saw a beautiful goldfinch perching on a

twig just outside the window of my bedroom——"

"Well——"

"And when the item came out in the paper it read 'goldfish.'"

"That isn't so bad."

"Oh, isn't it, though? Well, ever since it was in the paper friends of mine have been hanging about our house thinking I have a private supply of something to drink in my cellar."

...ected not to ...e the din from the room above. ...t a bump that shook bits of plaster ...om the ceiling to the supper table ...rought the host at length angrily ...o his feet. From the foot of the stairs he read the riot act.

Stop that noise at once and go to sleep. What on earth are you doing?"

After a pause a piping voice replied in tones of mild remonstrance: "It's all right, dad; it's only Alfie saying his prayers."

A little lad of five came to his mother in a great fluster and exclaimed, "Oh, muvver, Eddie and Wose found such a nice dead cat and they are going to have a funeral and can I go?"

Permission was given and when the boy returned he was questioned about the ceremony.

"They didn't have it at all," he said.

"And why not?"

"Muvver," was the answer, "the cat was too dead."

"JUST ONE" AND IT'S ALWAYS DONE

"Just One" is the Name of the Only Laxative of Which Just One is Always the Right Dose.

Just one tablet of "Just One" is always a "just right" dose. The only laxative that never wears out, that gives the same results year in and year out, that your system does not become callous to and that never needs to have its dosage increased.

All other laxatives work well only until your system gets used to them. Then you must either get a different kind or increase the dose. With "Just One" you get an entirely different laxative at each dose, because each of the 20 similar looking tablets in each box is made of different laxative ingredients. Each is a tried and proved successful formula, each is thorough dependable and pleasant in action and each is different from the other 19. That's why they never wear out.

Quit pounding on one particular organ all the time Use a laxative that works on different organs each dose. Stir up your liver one time, your pancreas another, your lower bowel another, and so on, always changing. You'll get much better results and without harming your system as other single-formula laxatives harm it. Try this new, scientific way and you'll see why it is so much better

Don't let the day pass without getting your box of "Just One." Any druggist anywhere can get "Just One" for you, or we will send it postpaid upon receipt of 25c per package. Ferritone Chemical Company, Council Bluffs, Iowa.

Limber Up With Penetrating Hamlin's Wizard Oil

A harmless and effective preparation to relieve the pains of Rheumatism, Sciatica, Lame Back and Lumbago is Hamlin's Wizard Oil. It penetrates quickly, drives out soreness, and limbers up stiff aching joints and muscles.

You have no idea how useful it will be found in cases of every day ailment or mishap, when there is need of an immediate healing, antiseptic application, as in cases of sprains, bruises, cuts, burns, bites and stings.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 30 cents. Guaranteed.

How Is Your Weight?

While it is true that too much weight is not to be desired yet the fact remains that many men and women are thin to the point of danger. This danger lies in their having no reserve force or nerve power to combat deadly diseases. A little extra flesh is needed by all to feel well and to look well and this calls up the question of how best to increase the weight.

Physicians and chemists by experiments have solved the problem of increasing the white and red corpuscles of the blood by the administration of 3 grain hypo-nuclane tablets, and this is usually followed by an increase of weight. Obtain in sealed packages, and take for a period of several months, according to directions with package.

Tells Fat People Perverted Craving

For Wrong Foods Must Be Overcome.

Says Arbolone Tablets Does This and Reduces Weight, Too.

The person who is too fat is told to diet and the very things that a perverted appetite craves are the ones "you must not eat." Obesity is unnatural. It is like an endless chain. Eating wrong foods in the wrong way produces a perverted appetite. Then the appetite demands and craves the wrong foods and converts them into needless, embarrassing fat. Tablets Arbolone stops the perverted craving for the wrong foods, gives a normal appetite, eliminates the fat-forming elements through kidneys and bowels, dissolves the fatty surplus and sends it back through eliminative channels, causing improved health and strength. One or two tubes will convince any fat person that Arbolone is what they need to reduce safely and successfully. Sold by thirty thousand druggists in sealed tubes with full directions.

This is the Birthday of Adna Chaffee April 14, 1842.

Such men as Adna Chaffee are the type known by military men as born soldiers. Chaffee was brought up on a farm, and was a farmer's son. He was born in Ohio in 1842, went through the usual peaceful routine of study and work, and when he was about 19 decided to become a merchant and make his career in that occupation

Then came the Civil War and changed his whole life. He enlisted as a private in the cavalry, and presently, because he took to the training so well, was made a sergeant. For the capture of a wagon during a raid, he was given his second Lieutenant's bars. Two months later, at the battle of Gettysburg, he was made first lieutenant for conspicious bravery. He was captured, refused parole, and escaped, joined his company, and was shortly made a captain for extraordinary bravery in another battle.

At the end of the war he resigned from the army and went home a hero. But he could not settle down to peaceful life after the excitement and adventure he had lived for four years so he went back again to his company retaining his old rank.

He was raised to a major for fighting in Texas, to lieutenant-colonel for a dashing charge over some cliffs after Indians, and was made an instructor at a training post during a lull in fighting, while the West was building up He was made a general in the Spanish-American war.

"Gosh! How my back aches!"

After Grip, "flu" or colds, the kidneys and bladder are often affected—called nephritis, or inflammation of kidneys.

This is the red flag of danger—better be wise and check the further inroads of kidney disease by obtaining that wonderful discovery of Dr. Pierce's, known as Anuric (anti-uric-acid), because it expels the uric acid poison from the body and removes those pains, such as backache, rheumatism in muscles and joints.

Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations.

Send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., ten cents for trial package of Anuric Tablets.

FORTIFY AGAINST STOMACH TROUBLE

Spring and summer are dreaded by many people because of the danger of stomach trouble and other disorders of the digestive system. Nine times out of ten such troubles are the result of failure of the eliminative organs, and only manifest themselves after Nature has struggled unaided to throw off the cause.

The safest health insurance is through the regulation of the bowels, and Duffe's Fifty-Fifty Tonic Laxative answers a big need by furnishing the medium through which proper action is secured, the muscles toned up to full vigor, and regularity restored. Nothing in this reliable laxative is habit forming, and its discriminating use is safe, pleasant and sure. Your grocer and your druggist have it in convenient cartons. Carry a package with you.

Beauty Chats

If you are inclined to be at all nervous or sleepless, you have probably received a great deal of advice from your friends as to the value of drinking hot cocoa to induce sleep. This is very effective in the case of most people, because it draws the blood down from the head away from the brain to the stomach, and automatically lessens the nervous tension so that it is much easier to fall asleep.

There are some people, however, on whom hot chocolate or cocoa acts as a stimulant. These women should drink hot water. It will have very nearly the same effect that hot cocoa normally has—that is, its heat will draw the blood to the stomach and away from the head. If you will nibble a few crackers, it will also help to quiet you for the same reason. The fact that bringing the blood to the stomach quiets the nerves is proven by the feeling of relaxation and often of sleepiness that follows a heavy meal

If you are too stout, you should, of course, never permit yourself this extra meal at night. Drink hot water if you have any trouble in getting to sleep. However, if you are too stout, you are probably not troubled with insomnia. Few stout people are.

It sometimes happens that taking a hot drink at night will not make one sleepy. If you are as highly neurotic as that, try a brisk walk in the open air an hour before bed time, drawing in deep breaths of fresh air as you walk. Many cases of insomnia require nothing but fresh air and exercise.

HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackery, R. F. D. 3, St. Paris, O., writes. "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Burrell-Dugger Co., 624 Columbia Bldg., Indianapolis, Ind.

Local Manager Wanted

Unusual Opportunity for Right Man

A large brokerage firm doing a successful business with well-rated concerns throughout the country, wants a capable man at once to develop and handle their local business.

The opportunity is an unusual one because of the possibilities offered for substantial earnings in a highly respectable business which will steadily increase as it becomes firmly established locally.

The position requires a man possessing executive and sales ability with business experience and having commercial banking connections, although no investment is necessary. He may devote only a portion of his time to the business at first if desired, though we prefer a man who is able and willing to give the business his entire time and best efforts.

The local branch should pay from $2500 to $10,000 the first year, according to population and the ability of the manager, as the commodity which we handle is staple, always in demand, and with our large buying facilities permit us to sell at less than the average market prices.

Owing to the demand, we must fill this position at once. Send your application to Bernice Coal Co., 856 Como Bldg., Chicago, Ill., but do not write unless you can satisfy us as to honesty, reputation and business ability.

HAS WINTER WORN YOU DOWN?

Sickness That Lingers, or Strain of Caring for Others, Makes Spring Days Dangerous

GET BACK YOUR STRENGTH

Red Blood Means Old-time Vigor and Pepto-Mangan Builds Rich, Red Blood

Perhaps you've been ill this winter—or others in the family have, and you've worn yourself out with extra burdens. And now your strength is slow to return.

Week after week you've felt too tired for anything, and have looked it, too—color bad, eyes dull, and no enthusiasm.

When you don't feel well you are not well. Probably what you need right now is the good blood tonic Pepto-Mangan. Physicians everywhere recommend Pepto-Mangan for run-down, anemic people. Ask your doctor about it. Pepto-Mangan supplies the things that blood starved people lack. It puts iron and vigor in the blood. It paints the cheeks in Nature's way, and restores the hearty appetite.

The blood is naturally sluggish in the Spring and the whole family would profit by taking Pepto-Mangan, which tones up and builds up. It is pleasant tasting and soon makes you feel better. Your own druggist has it ready for your call, and in both liquid and tablet form, just as you prefer.

But to be certain that you get the genuine Pepto-Mangan, ask for it by the full name, "Gude's Pepto-Mangan" Look for the name "Gude's" on the package.

DO ALL MY HOUSEWORK

Before I took Lydia E. Pinkham's Vegetable Compound I could hardly stand, says Mrs. Kwarcinski.

Chicago, Ill.—"I suffered with displacement and irregularities and I did not know what to do. My mother advised me to take Lydia E. Pinkham's Vegetable Compound and use the Sanative Wash so I took her advice and used these remedies and cured myself. I feel fine and do all my housework which I could not do before, as I could hardly stand up and I have three healthy children. You can use this letter if you wish, for your remedy is certainly wonderful for sick, run down women."—Mrs. A. KWARCINSKI, 3627 W. Oakdale Ave., Chicago, Ill.

For forty years Lydia E. Pinkham's Vegetable Compound has been making women strong and well, relieving backache, nervousness, ulceration, and inflammation, weakness, displacements, irregularities and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Women who suffer are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three time during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

ARE YOU KNITTING SUMMER SWEATERS? HERE'S THE STYLE

This pretty slip-over sweater is going to be the popular style for the coming summer. Two pretty stitches are used, one the new box stitch and the other the plain knitted or crocheted one. Wide stripes of contrasting color trim the ripple peplum and the loose bell sleeves.

HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thackery, R. F. D. 3, St. Paris, O., writes. "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Burrell-Dugger Co., 624 Columbia Bldg., Indianapolis, Ind.

PHYSICIAN TO TAKE UP DUTIES AT HOME

Dr. G. W. Wood, recently appointed resident physician at the O. S & S. O. Home, expected to be at the institution Tuesday to take up the duties of his office. Mrs. Wood will come with him and the physician and his wife will make their home in the doctors apartments of the hospital.

Arrival of Dr. Wood will relieve Dr. W. A. Galloway, who since the death of Dr. W. C. Hewitt has carried the work at the home in addition to his [illegible] Sheets, have also attended the clinic at the institution, in connection with eye, ear nose and throat troubles.

LITTLE TOT CALLS GREAT BRITAIN'S QUEEN "MAMMA"

Queen Mary, at right, holding hand of baby who called her "mamma."

When Queen Mary of England recently visited the Notting Hill infants' welfare center in London, one of the many tiny tots being cared for at that home looked up at her with her big baby eyes and said "Mamma." The queen was taken with the little one and played with her for several minutes.

I'm glad I came, dear Mrs. Frame,
My gratitude you've won,
Your coffee, dear, was fine and clean
I'll now use Golden Sun!

Local Manager Wanted

Unusual Opportunity for Right Man

A large brokerage firm doing a successful business with well-rated concerns throughout the country, wants a capable man at once to develop and handle their local business.

The opportunity is an unusual one because of the possibilities offered for substantial earnings in a highly respectable business which will steadily increase as it becomes firmly established locally.

The position requires a man possessing executive and sales ability with business experience and having commercial banking connections, although no investment is necessary. He may devote only a portion of his time to the business at first if desired, though we prefer a man who is able and willing to give the business his entire time and best efforts.

The local branch should pay from $2500 to $10,000 the first year, according to population and the ability of the manager, as the commodity which we handle is staple, always in demand, and with our large buying facilities permit us to sell at less than the average market prices.

Owing to the demand, we must fill this position at once. Send your application to Bernice Coal Co., 855 Como Bldg., Chicago, Ill., but do not write unless you can satisfy us as to honesty, reputation and business ability.

HAS WINTER WORN YOU DOWN?

Sickness That Lingers, or Strain of Caring for Others, Makes Spring Days Dangerous

GET BACK YOUR STRENGTH

Red Blood Means Old-time Vigor and Pepto-Mangan Builds Rich, Red Blood

Perhaps you've been ill this winter—or others in the family have, and you've worn yourself out with extra burdens. And now your strength is slow to return.

Week after week you've felt too tired for anything, and have looked it, too—color bad, eyes dull, and no enthusiasm.

When you don't feel well you are not well. Probably what you need right now is the good blood tonic Pepto-Mangan. Physicians everywhere recommend Pepto-Mangan for run-down, anemic people. Ask your doctor about it. Pepto-Mangan supplies the things that blood starved people lack. It puts iron and vigor in the blood. It paints the cheeks in Nature's way, and restores the hearty appetite.

The blood is naturally sluggish in the Spring and the whole family would profit by taking Pepto-Mangan, which tones up and builds up. It is pleasant tasting and soon makes you feel better. Your own druggist has it ready for your call, and in both liquid and tablet form, just as you prefer.

But to be certain that you get the genuine Pepto-Mangan, ask for it by the full name, "Gude's Pepto-Mangan" Look for the name "Gude's" on the package.

DO ALL MY HOUSEWORK

Before I took Lydia E. Pinkham's Vegetable Compound I could hardly stand, says Mrs. Kwarcinski.

Chicago, Ill.—"I suffered with displacement and irregularities and I did not know what to do. My mother advised me to take Lydia E. Pinkham's Vegetable Compound and use the Sanative Wash so I took her advice and used these remedies and cured myself. I feel fine and do all my housework which I could not do before, as I could hardly stand up and I have three healthy children. You can use this letter if you wish, for your remedy is certainly wonderful for sick, run down women."—Mrs. A. KWARCINSKI, 3627 W. Oakdale Ave., Chicago, Ill.

For forty years Lydia E. Pinkham's Vegetable Compound has been making women strong and well, relieving backache, nervousness, ulceration, and inflammation, weakness, displacements, irregularities and periodic pains. It has also proved invaluable in preparing for childbirth and the Change of Life.

Women who suffer are invited to write for free and helpful advice to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. It is free and always helpful.

MEAT CAUSE OF KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three time during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

HOLD PUBLIC WEDDING

Ashland—A public wedding will constitute a feature of the convention to be held here on June 16, by the Northwestern Ohio Volunteer Firemen's Association. A big altar will be constructed on Main street where the public will be invited to witness the marriage ceremony in which two local young people are scheduled to be the principals. The firemen will give the young couple $25, and Mayor Davis will perform the ceremony without charge.

INDIANAPOLIS PAPER GIVES ACCOUNT OF DEATH OF XENIAN

The following story of the accident which resulted in the death of Sister Mary Blanche McCormick, in Indianapolis, is taken from an Indianapolis paper.

The dead nun, who was reared in this city, had many friends here.

"Victim of a hurrying automobile, Sister Mary Blanche, Sister of Providence lay dying on the pavement in Monument Circle at noon today.

Beside her stood her sister superior Sister Mary Theodate, praying aloud for the passing soul. On the other side of the still form stood a policeman, his cap off. He too was praying And around them were grouped scores of witnesses, messenger boy's, women clerks, and each of them was weeping.

"Sister Mary Blanche, who had been connected with St. Joseph's Training School 717 So. Alabama street for the last six years, was fatally injured when she was struck by an automobile She was crossing Monument Circle in front of the Columbia Club.She suffered a fracture of the skull and died a short time later at St. Vincent's Hospital.

"Sister Mary Theodate who was with Sister Blanche was brushed aside by the machine but suffered a severe nervous shock. Two chauffeurs, Clifton Collmer and Richard McCarty, were taken to police headquarters following the accident and questioned by detectives. Motor policemen Moriarty and Harris who investigated the accident said they were unable to determine which of the men struck the sister. "According to information given the police, the sisters apparently became confused when they noticed several machines approaching.

"Crowds of pedestrians who gathered at the curb after the accident were affected by the scene. As the policeman and sister superior offered prayer for the dying sister, men, women, and children, many of them members of different denominations joined with them.

EXPECT ARREST OF BANK ROBBERS

Dayton, O., April 14.—Arrests in connection with the robbery of the bank of West Carrolton last Saturday, when auto bandits secured $30,000 in money and security, are expected within the next few days.

County officials have been furnished several new clues which may lead to their apprehension. It is known the robbers are members of an organized gang of bank robbers and it is thought they have a number of other jobs to their credit.

Shortly before the robbery the bandits parked their car near the plant of the West Carrolton Parchment Company and talked with several factory girls, who are able to give an accurate discription of them. Positive identification of the machine they used was made yesterday as a machine stolen from Columbus. Officials are expecting to hear of its abandonment.

FELT LIKE KNIFE WAS BEING STUCK INTO MY BACK

Sandusky man suffered agonies from lumbago, backache, kidney trouble, and rheumatism.

Nothing helped him until he got Dreco, the great root and herb medicine.

"If some one had stuck a knife into my back, it would not have hurt any more than my back and side did from lumbago and rheumatism," said Mr. John Rider of Cottage A, Soldier's Home, Sandusky, O.

"Only those who have this trouble realize my feelings, for you have to go through it to know what the suffering is like. I was in misery all the time and when I would lie down could hardly turn over and when I'd get in a chair I'd hate to get up on account of the pains. My sleep was badly broken and I was getting weak. My stomach was in a very weakened condition from the strong medicine I took for my rheumatism. I was taking two kinds of medicine for rheumatism when I read of Dreco and put both aside for this new medicine. Dreco proved in a few days that it was real medicine for I soon saw the effects. My pains got easy, my sleep became sound, the backache passed away and I could get up and down without pain, my stomach got better and my food now agrees with me. I'm still taking Dreco for I want to give it a fair chance to get me absolutely right again and I feel it can do this."

Any remedy that restores the natural functions of the human body is a health-making remedy. The use of Dreco, the great herb medicine, tends to restore the appetite, to procure natural digestion, which is followed by an increased circulation and nutrition of the whole body. Lean, haggard, bloodless people begin to gain weight, strength and flesh at once from taking Dreco, as they themselves declare in signed testimonials.

All good druggists now sell Dreco and it is being specially introduced in this city by

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

As soon as you load up with *Columbus*, you can take the old highway grouch out back of the garage and bury it deep.

Then go out and make dust—for some other poor fish to eat. *Columbus* carries the punch to speed you up steep hills and makes your car get away like a ten-second sprinter.

Just start *Columbus* coursing through the veins of your car, and get the benefit of that extra power and extra mileage that you've always wanted.

The Most Welcome Tire That Ever Came to Market

Men Who Appreciate Superlative Values Prefer The Brunswick

In every great tire factory, the chief question is: "How much can we give for the money?" And the product depends on the policy adopted.

Every man who has become acquainted with Brunswick Tires knows that Brunswick standards are again evident. This famous concern—noted as a leader in every line it entered since 1845—has once more proved that its policy is right.

A perfect tire is simply a matter of knowledge and standards and skill. No secrets nor patents prevent making an ideal tire.

But standards come first. For in tire making there is vast room for skimping, for subtle economies, for hidden shortcomings. Makers without the highest standards don't build high-grade tires.

The Brunswick organization of tire makers includes a brilliant staff of technical experts. Not a man among them has spent less than 20 years in handling rubber.

Each is a master of his craft. And the new ideas they bring to the attention of Brunswick directors receive sincere consideration.

Every proved betterment is adopted unanimously.

The Brunswick Tire is a combination of acknowledged features—plus Brunswick standards of manufacture.

The result is a super-tire, the like of which you have never known before. The kind of a tire you will gladly join in welcoming.

Yet Brunswicks cost no more than like-type tires.

Try ONE Brunswick. We promise a surprise. And we feel certain that you will want ALL Brunswicks.

Then good tires will have a new meaning to you.

WOMEN! MOTHERS! DAUGHTERS!

You who tire easily; are pale, haggard and worn; nervous or irritable; who are subject to fits of melancholy or the "blues," get your blood examined for iron deficiency. Nuxated iron taken three times a day after meals will increase your strength and endurance in two weeks' time in many cases.—Ferdinand King, M.D.

Manufacturers' Note: Nuxated Iron, recommended above by Dr. King, can be obtained from any good druggist on an absolute guarantee of success or money refunded. Doctors usually prescribe two five-grain tablets to be taken three times per day after meals.

SANTAL CAPSULES MIDY

CATARRH of the BLADDER relieved in 24 HOURS

Each Capsule bears the name MIDY

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold. s

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

WOMEN! MOTHERS! DAUGHTERS!

You who tire easily; are pale, haggard and worn; nervous or irritable; who are subject to fits of melancholy or the "blues," get your blood examined for iron deficiency. Nuxated Iron taken three times a day after meals will increase your strength and endurance in two weeks' time in many cases.—Ferdinand King, M.D.

Manufacturers' Note: Nuxated Iron, recommended above by Dr. King, can be obtained from any good druggist on an absolute guarantee of success or money refunded. Doctors usually prescribe two five-grain tablets to be taken three times per day after meals.

HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold. 8

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

Buy Your Coal Direct From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct fro mthe mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 445 Como Building, Chicago

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice oal Co. at once for prices, stating kind and quantity of coal you use.

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS

A MODERN STORY OF HOME AND BUSINESS

MARY'S WEDDING PRESENT

Chapter 33

The days slipped by, even though at times they seemed insufferably long. Betty and Jane declared I made work for myself purposely to keep busy. They were right. I often fussed over things, even did them unnecessarily, so that I wouldn't have too much time to think.

I spent some time with Jane and Betty, occasionally taking lunch with them, or they with me. We decided to take up the study of history—history of the world. Jane proposed it.

"One would think you were an exschool ma'am," Betty teased, "no one else would have thought of such a subject."

"Don't you think it necessary? The war has changed everything We will familiarize ourselves perfectly with the conditions as they were, then as the reconstruction is finished and new history is made we will be ready for that."

"Hear! hear!" Betty cried. Why Jane, long as I have known you I never appreciated you as I do now. Talk of pearls of wisdom, your lips are fairly dripping with them."

"I think it will be fine, Jane." I told her. "Don't pay any attention to Betty. Perhaps Mary will join us after she is married. Of course she couldn't while she is in the shop.'

"That would be fine! Say, girls, have you forgotten she is to be married in a month? We must think what to give her."

There followed an animated discussion of suitable gifts for Mary and Gardner. We all loved Mary, and wanted to give her something nice, although she needed, or would need, gifts less than any of us, Gardner being far better off than any of the boys.

"You see her having things doesn't seem to make any difference. We love her so much. I am so glad she is to have such a nice home and Gardner is a peach," Betty remarked.

"I tell you what, girls! She showed me the plan of the house they have rented down at Forest Hills. A dear of a place! Suppose we all put together, we girls I mean, and buy and make all the draperies for her sleeping room, bed covers and all. She told me she wanted it rose. I wonder if there ever lived a girl who didn't plan to have a rose room when she could afford it?"

"That will be great! You'll have to design everything, Gerry, then Jane and I will sew."

I had no idle time in the next few weeks. Every moment I could spare from housework and Robert, was given to Mary's wedding present. There were two windows in her room. We made ruffled muslin curtains, then We made the bed and bolster cover of the same, with a lovely ruffled muslin over cover, in the center of which Betty had embroidered Mary's monogram. Then we made covers for dressing table and bureau, leaving one end unfinished so that we could easily alter them to fit any size We had some of the crotonne left, and made odd shaped pillows that we knew would please Mary, and which could be used in many ways.

"Perhaps she'll have a day bed," Betty said. "They would be lovely on one."

The boys had been taken into the secret and highly approved.

"Will it be enough for us to do for her?" It was Carson Murphy who asked.

"Indeed! it will, Carson," I told him. "We have kept account of everything, and you three boys are to pay the bills. Mary knows well enough it is all we can afford—more perhaps, than we should. She will be delighted I am sure. We have made her every single thing she will need in her room, even to a pin cushion and hair pin tray. She couldn't have it done at a decorator's for ten times what it has cost, and it would be done no better."

"Thanks to your artistic wife," Jane broke in, turning to Robert. We were all at Jane's for the evening, and had taken our gifts, now finnished, out into the dining room to show the boys.

"You know, Carson, it will look quite different when it is all arranged where it belongs in the room. Curtains even when so dainty as these, dont show off when spread on the dining room table" She fingered the soft rose ribbon which we had made into loops to tie them back.

A MODERN STORY OF HOME AND BUSINESS

MARY'S WEDDING PRESENT

Chapter 93

The days slipped by, even though at times they seemed insufferably long. Betty and Jane declared I made work for myself purposely to keep busy. They were right. I often fussed over things, even did them unnecessarily, so that I wouldn't have too much time to think.

I spent some time with Jane and Betty, occasionally taking lunch with them, or they with me. We decided to take up the study of history—history of the world. Jane proposed it.

"One would think you were an exschool ma'am," Betty teased, "no one else would have thought of such a subject."

"Don't you think it necessary? The war has changed everything We will familiarize ourselves perfectly with the conditions as they were, then as the reconstruction is finished and new history is made we will be ready for that."

"Hear! hear!" Betty cried. Why Jane, long as I have known you I never appreciated you as I do now. Talk of pearls of wisdom, your lips are fairly dripping with them."

"I think it will be fine, Jane." I told her. "Don't pay any attention to Betty. Perhaps Mary will join us after she is married. Of course she couldn't while she is in the shop.'

"That would be fine! Say, girls, have you forgotten she is to be married in a month? We must think what to give her."

There followed an animated discussion of suitable gifts for Mary and Gardner. We all loved Mary, and wanted to give her something nice, although she needed, or would need, gifts less than any of us, Gardner being far better off than any of the boys.

"You see her having things doesn't seem to make any difference. We love her so much. I am so glad she is to have such a nice home and Gardner is a peach," Betty remarked.

Buy Your Coal Direct From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are no complaints on this account—since the removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct fro mthe mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 445 Como Building, Chicago

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice oal Co. at once for prices, stating kind and quantity of coal you use.
